MLA Dental Section

of the
**Medical Library
Association**

The Dental Section
invites interested
health sciences librarians to

JOIN US

MLA DENTAL SECTION

Established in 1933, the dental section is the oldest in MLA.

The section:

- ◆ serves as a voice of academic and professional dental health information providers;
- ◆ fosters cooperative programs and sharing between libraries;
- ◆ recommends core books and journals to support academic clinical dentistry programs;
- ◆ has published guidelines for dental libraries which have been accepted by the American Association of Dental Schools;
- ◆ promotes evidence based practice through an annual speakers program.

MEMBERSHIP & DUES

The Dental Section has about 50 members. The small size fosters a close-knit, active group.

Dues are \$10 per year and are paid through MLA's annual dues collection.

Librarians and other information providers serving dental health programs in:

- ◆ **colleges & universities**
- ◆ **hospitals**
- ◆ **research centers**
- ◆ **professional associations**

are encouraged to join the Dental Section of MLA.

OFFICERS

- ◆ Program Chair
- ◆ Chair
- ◆ Immediate Past Chair
- ◆ Secretary-Treasurer
- ◆ Listserv Moderator
- ◆ Governmental Relations Committee Liaison
- ◆ Wiki Administrator

STEUERNAGEL AWARD

The award is In memory of Harriet L. Steuernagel, former Washington University School of Dentistry librarian.

Presented to a Section member who has joined within the past five years, and who has made significant contributions to the section or the profession.
